SUBJECT:

Approve award of Solicitation No. 2011-203R for Foreclosure Management and Consulting Services between the City of El Paso and the local firm of Firth-Johnston-Martinez to perform foreclosure management services on delinquent loans with the City of El Paso's Community and Human Development Department. The Purchasing Division of Financial Services, the Community and Human Development Department and the review committee recommend approval of this award.

The award is for twenty-four (24) months with the option of up to two 2-year extensions. The estimated annual contract amount of \$75,000 for the collection procedures are billed to the borrowers, as part of the process to resolve the loan delinquency.

BACKGROUND / DISCUSSION:

A Request for Qualifications for Professional Services was issued through the Purchasing Dept. on March 22, 2011, to perform foreclosure management and consulting services in the collection of delinquent loans. There were 20 firms that picked up the RFQ. An Addendum was issued to answer questions and provide clarification. The Purchasing Dept. also extended the RFQ receipt date an additional week; however, only one firm responded, which was Firth-Johnston-Martinez.

The City worked with Firth-Johnston-Martinez under the previous foreclosure management contract that recently expired and was pleased with the services provided. Collection amounts of seriously delinquent loans exceeded \$258,000.

The Community and Human Development Department's Housing Programs Division provides low-interest amortized loans to investors and homeowners. Although improvements have been made, there are still a number of delinquent loans to resolve. The City of El Paso adopted a policy for Restructuring of Loans in lieu of foreclosure, to accommodate investors and homeowners that are delinquent in payment and desirous of fulfilling their financial obligations. The policy also provides authorization for foreclosure when the borrower has been notified in writing that the loan is in default and given an opportunity to cure the delinquency and the borrower does not.

There were approximately 20 accounts in the foreclosure collection process prior to the contract expiration. The City will be taking a more aggressive approach with delinquent accounts and plans to significantly increase the rate.

PRIOR COUNCIL ACTION:

Has the Council previously considered this item or a closely related one?

December 5, 2006 – Council adopted amended standards of Community and Human Development loan delinquency management in connection with (1) Loan Restructuring in Lieu of Foreclosure; (2) Loan Foreclosure/Lawsuits and (3) Declaring Loans Uncollectible.

January 21, 2010 – the one-year contract extension for foreclosure management services was signed by the City Manager, since it did not exceed the threshold amount for City Council approval.

AMOUNT AND SOURCE OF FUNDING:

How will this item be funded? Has the item been budgeted? If so, identify funding source by account numbers and description of account. Does it require a budget transfer?

The estimated annual contract amount of \$75,000 for the collection procedures are billed to the delinquent borrowers, as part of the process to resolve their loan delinquency.

This default provision shall also apply to the proof of insurance requirements under circumstances where a policy is canceled or expires during a given year of the Term.
